For posting: SCAMPPS in Surrey, Suite 262, Reaver House, 12 East Street, Epsom, Surrey, KT17 1HX

Notes: Due to limited funding, we are now funding items to a maximum of £2,000, subject to discretion of the Finance Committee.

If you need funding above this limit please do contact us before completing the application form, as we do occasionally have specific funding from donors which can be used to fund more expensive items.

Applications must also be for a minimum value of £50, but we will consider multiple items within one application. However, we ask all applicants to submit only one application for funding in a 12 month period. This allows us to help as many families as possible with our limited budget. We do appreciate that in some exceptional circumstances, e.g. an additional diagnosis being made, that families will need to make additional applications and we will endeavour to consider these, particularly where the first application was for a small amount.
